🔴 Slide 2: Problem Statement

The jewellery industry is vast, but customers still face multiple challenges:

- **High Cost Barrier:** Branded jewellery is expensive and not accessible to middle-class customers
- **Lack of Trust:** Many local shops do not guarantee quality, durability, or authenticity
- **Outdated Designs:** Traditional stores often lack trendy, modern, and youth-focused designs
- **Poor Buying Experience:** Customers do not receive proper guidance or personalized service
- **Limited Customization:** Customers cannot easily find jewellery that matches their unique style

👉 **Real-Life Impact:**

- Young customers compromise between price and style
- Buyers hesitate due to trust issues
- Growing demand remains unmet in smaller cities

👉 **Conclusion:**
There is a clear gap for a brand that combines **affordability, trust, and modern design**.

🟢 Slide 3: Our Solution
